

EDUCATION ENRICHMENT FUND

FUNDING ANNOUNCEMENT

Thanks to the generous funding provided by **Greenwich Biosciences**, Citizens United for Research in Epilepsy (CURE) is proud to launch the **2020 CURE Education Enrichment Fund (EEF) Scholarship Program**. The purpose of the EEF Program is to provide one-time scholarships of up to **\$5,000** for those who are living with epilepsy, including patients, and family members or caregivers of persons with epilepsy. The intent of these scholarships is for use toward coursework designed to advance the applicant's personal knowledge in research, health education, or advocacy, as it relates to their own struggles with this neurological disease.

ELIGIBILITY REQUIREMENTS *To apply, you must certify that you are:*

1. Diagnosed with epilepsy by a physician or are the immediate family member (parent, spouse, child, or sibling) or caregiver of a person living with epilepsy. Caregivers are defined as any individual who provides unpaid, personal care for a person living with epilepsy.
2. Seeking to advance your personal knowledge in the field of epilepsy, as it relates to research, health education, or advocacy. Coursework may include online training, training certifications, vocational coursework, academic coursework, or any other applicable courses*. Coursework may be completed at any training center, vocational institution, or academic institution the applicant chooses.

**Applicability of coursework is at the discretion of the Education Enrichment Fund Selection Committee.*

3. Not an employee (or an immediate family member of an employee) of Citizens United for Research in Epilepsy (CURE) or Greenwich Biosciences. Immediate family members are defined as spouses, domestic partners, children, parents, grandchildren, siblings, grandparents, aunts, uncles, nieces, nephews, stepchildren, stepsisters, and stepbrothers. Additionally, healthcare professionals who directly or indirectly influence the prescribing of epilepsy medications and their immediate family members are not eligible to apply.

RECIPIENT SELECTION PROCESS

Selection of recipients will be at the sole discretion of the Education Enrichment Fund Selection Committee chosen by CURE. Scholarship amounts will be up to \$5,000 to cover the recipient's tuition, books, and any other course-required materials.** After a recipient's enrollment in their intended coursework has been verified and an institutional invoice for all educational expenses has been received, the scholarship check will be made payable to and mailed directly to the institution where the coursework will be

CURE Mission Statement

**CURE's mission is to find a cure for epilepsy, by promoting and funding patient-focused research.
Our commitment is unrelenting.**

EDUCATION ENRICHMENT FUND

completed. However, if the recipient does not have a minimum of \$5,000 in tuition and/or other approved educational expenses owed for his/her schooling, any remaining scholarship money will be forfeited.

***Course-required materials must be listed in the course description of the institution's course catalog or course syllabus and approval is at the sole discretion of the Education Enrichment Fund Selection Committee.*

APPLICATION PROCESS

To apply, please submit a completed application before 11:59pm ET on April 15th, 2020, including the documents listed below, through our online portal, email at scholarship@CUREepilepsy.org, or hardcopy sent to the CURE address on the application postmarked by the April 15th deadline.

- Sections of the application will need to be completed by the applicant and a parent/guardian (if the applicant is under 18).
- Selection will be based on the following criteria, which must be included:
 - **Leadership and Community Involvement** as evidenced by responses highlighting leadership skills, achievements, honors, community activities, and experiences that have directly impacted the applicant.
 - **An essay** (500-word maximum; double-spaced and 12 pt font) authored by the applicant explaining how the applicant's personal connection to epilepsy has shaped them into the individuals they are today AND how this scholarship will ignite them in becoming "agents of change" in the epilepsy community. Applicants will ideally highlight their motivation for seeking to advance their personal knowledge when constructing their essay.
- Additional pages can be attached to the application if more space is needed for responses.
