NIGHT OF DISCOVERY

Night of Discovery, CURE Epilepsy's annual Chicago Benefit, is an exciting evening of cocktails, dinner, and dancing bringing together our dedicated community to celebrate our collective achievements, hear stories from people impacted by epilepsy, and raise critical funds for epilepsy research.

ABOUT THE EVENT

OVER
500

passionate philanthropists, business executives, and civic leaders

OVER
\$28M

raised through the Annual Chicago Benefit over time

OVER
75%

of survey respondents think more favorably of event sponsors

About Epilepsy

Epilepsy affects more people than multiple sclerosis, muscular dystrophy, Parkinson's, and ALS combined. However, it continues to receive less research money per patient than each of these disorders.

1 IN 26

AMERICANS
will develop epilepsy
in their lifetime

For

50%

of patients diagnosed
with epilepsy, the
cause is unknown.

50 MILLION

people worldwide have epilepsy

DISCOVERY

About Us

CURE EPILEPSY

is a parent-founded, research-focused nonprofit committed to finding a cure for epilepsy. Since 1998, it has invested in cutting-edge research and filled critical funding gaps in foundational science to expand understanding of the underlying mechanisms of epilepsy and help discover a cure.

300+ GRANTS

awarded in

19 countries
worldwide

27 YEARS

of groundbreaking
epilepsy research

OVER \$100M

raised to find a cure
